## 16th Annual Fall Sale

**SALE LOCATION:** REALITY FARMS, 794 Port Royal Road, Campbellsville, KY (See map on page 10.)

**LOT NUMBERS:** The tags on animals will correspond with the lot numbers in the sale book. Ear tags on calves at the side of dam correspond with the dam's number.

**HEALTH PAPERS:** Each lot will have an individual health certificate. Out-of-state buyers should be aware of any special requirements and/or permits of their respective states. A vet will be present to assist with reconsignment of health papers.

**DELIVERY:** Consignors will help with trucking arrangements as much as possible. Cattle need to be moved as soon as possible after the sale. Please make arrangements accordingly.

**INSURANCE:** Insurance is available on all cattle selling. Please notify clerks at time of settlement if insurance is desired. All purchases become the risk of purchaser as soon as sold.

**SETTLEMENT:** Satisfactory settlement (payment in full unless prior arrangements have been made) must be made with the clerks prior to the movement of any purchases from the sale facilities.

**EPDS:** The EPDs printed in this sale book were taken from the American Angus Association as of September 21, 2017. EPDs are now updated weekly by the American Angus Association, so current EPDs may vary from the EPD printed in the sale book.

**REGISTRATION CERTIFICATES:** A transferred registration certificate will be provided for each animal that sells.

**AI CERTIFICATES:** No AI certificates will be furnished for females bred to bulls not owned by the seller.

**GENETIC DEFECTS:** Each animal in the sale will have a current status for AM, CA, NH and DD listed in this sale book or an update sheet which will be available sale day if that status has changed since the publication of the sale book. GMAA is now accepting cattle into sales regardless of their genetic defect status as long as they are registered with the American Angus Association. Potential carriers are denoted with a "P" behind the notation of the genetic defect of which they are a potential carrier, i.e. AMP, CAP, DDP and NHP. The absence of any such notations means the animal is not regarded as a potential carrier because of the pedigree.

**LIABILITY:** Neither the Great Meadows Angus Association, the sellers, the sale managers, nor any other person connected with the sale assumes any liability - legal or otherwise.

**TERMS & CONDITIONS:** This sale is being conducted under the current suggested Sale Terms and Conditions adopted by the American Angus Association. Except for those stated in the terms & conditions, there are no warranties, either expressed or implied, as to merchantability of fitness for a particular purpose with respect to the cattle being sold in this auction. The warranties and guarantees set forth in the "Terms & Conditions" are in lieu of all other warranties, either expressed or implied and the remedies provided therein shall be the sole and exclusive remedy of the buyer (or any party claiming through buyers) for any breach of warranty or guarantee therein provided and all other obligations or liabilities. Copies of the Association Terms & Conditions will be available at the clerk's desk at sale or online at [www.angus.org](http://www.angus.org).

- We are excited to offer the first calf at auction sired by our Musgrave Angus herd sire, Musgrave Black Loch 1519. Out of a PVF Insight first calf heifer, 143E has been a standout in the pasture all year. This fancy February show prospect demands attention for her maternal look, impeccable balance, and cohesive blending of femininity and dimensional shape. She's halter broke and we're confident of her ability in the show ring and in the pasture. Video available at [www.legacyfarmsangus.com](http://www.legacyfarmsangus.com).

- 150E is a late February heifer that screams "cow power" while deriving from outcross genetics. The influence of Brooking Angus genetics in our program this year has been a slam dunk. Sired by Brooking Prosecutor, the popular Soo Line Motive son, 150E easily combines skeletal width and robust shape with a maternal drive from one of the most prolific cows families in our herd, the Ruby Erica line. As an added bonus, she comes halter broke. Brooking Prosecutor semen is unavailable until 2019, so don't miss the opportunity to get these genetics working for you now. Video available at [www.legacyfarmsangus.com](http://www.legacyfarmsangus.com).

- This PVF Insight daughter's dam is a maternal sister to Champion Hill Emblynette 7571 who reigned as the 2011 All American Supreme Champion and the 2012 NJAS Reserve Grand Champion cow. This heifer's dam also traces back to SAV Emblynette 7319 who has produced over \$1 million in progeny for SAV. This female has a great disposition, is structurally correct, and has the genetic base to hit the show ring and make a great foundation female.

- Our first pair offered at auction is definitely one you don't want to miss! 408 is a 3-year-old Mytty In Focus daughter that is just getting started. She's a sound, stout featured cow that is level in her lines and has perfect udder conformation. She's done a great job with her Musgrave Black Loch 1519 heifer calf at side. One of the most exciting features of this cow is her mating to PVF Surveillance for a late February 2018 calf, one that has the potential to hit the show ring hard.

Broadcasting Real-Time Auctions

#### Buying online is as easy as 1, 2, 3...

1. Create an account at [www.dvauction.com](http://www.dvauction.com) under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make your purchases!

After the sale, contact the sale manager or owner to arrange transportation and payment. **High speed internet** is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

**Proxy Bidding**-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

#### Having troubles?

During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.
